What Einstein Kept Under His Hat: Secrets of Science in the Kitchen Robert L. Wolke

“All you have to do is ask ‘why’ and open to any page. Good luck putting it down.” —Alton Brown, host of *Good Eats* and *Iron Chef*

Have you ever wondered why onions make us cry? Do you believe bananas contain more calories as they ripen and get sweeter? This sequel to the best-selling *What Einstein Told His Cook* continues Robert L. Wolke’s investigations into the science behind our foods. In response to ongoing questions from readers of his nationally syndicated *Washington Post* column, “Food 101,” Wolke debunks misconceptions with reliable, commonsense logic. And for exceptionally inquisitive cooks and scientists, he offers “Sidebar Science” features, which dig more deeply into the chemical processes that underlie food and cooking. Above all, *What Einstein Kept Under His Hat* provides indispensable information that will make readers better shoppers, cooks, and eaters.
