Ghost encounters are happening everyday to people everywhere, and the events prove that we are not alone. When people encounter what they perceive to be a ghost or spirit, their lives are forever changed. The ultimate question - Is there life after death? - has just been answered for them. Ghosts cross every culture and continent, and the belief in their existence is on the rise. Our Haunted Lives features the stories of dozens of people who have witnessed the supernatural firsthand in their homes, at work, and in numerous other locations.

Our Haunted Lives explores the profound nature of ghosts and spirits. Through personal interviews, the author captures the many different facets of the experience - the touching, where people come in contact with a loved one who's passed on; the funny, where pranks are played or peculiar disembodied sounds are heard; and the frightening, where people still feel shaken by what they saw, heard, and felt.

Ghosts are unbiased - they appear to people from all walks of life, ages, cultures, and religious backgrounds. Our Haunted Lives features accounts from famous hauntings, such as an extensive interview with George Lutz - the man whose experiences with the paranormal in Amityville, Long Island launched debates, books, and movies. You'll hear from police officers who were the first on the scene after a homeowner reported a break-in, only to find the disturbance wasn't caused by someone living. Doctors who had a brush with the supernatural after losing a patient on the operating table will speak about the very emotional and profound events they witnessed.

No, we are not alone.
