Packed with classroom-tested, practical strategies and lesson plans for teaching respect, responsibility, resilience, reading, and other essential skills to at-risk students, this is a must-have book for educators at all levels.

Use the plans alone, or as part of a unit. Either way, the tools for success in this book will help you positively impact the lives of at-risk students every day. For example:

- Cooperative treasure hunting for resilience building
- Keys to structured role-playing for conflict resolution

Each chapter includes a component about what parents and caregivers can do to help their at-risk children achieve success, and provides a basis for effective communication between educator and parent, an important piece of the puzzle often overlooked.
