A Monarchy of Letters (Queenship and Power)

Rayne Allinson

A Monarchy of Letters (Queenship and Power) Rayne Allinson

Queen Elizabeth I (1533-1603) sent more letters into more distant kingdoms than any English monarch had before, and her exchanges with an ever-growing number of rulers reveal how shifting conceptions of sovereignty were made manifest on paper. This book examines Elizabeth's correspondence with several significant rulers, analyzing how her letters were constructed, drafted and presented, the rhetorical strategies used, and the role these letters played in facilitating diplomatic relations. Elizabeth's letters did more than authorize diplomatic action abroad: in most cases they reflected, and sometimes even influenced, the direction of foreign policy.
