## **Special Operations in Iraq** Mike Ryan

This sensational book reveals the true and compelling story of the Special Force units of the Coalition, such as the SAS, SBS and Delta Force who worked in the shadows, often unseen, unheard and unsung. It describes their missions behind the lines from the early days, well before hostilities opened formally. It was an open secret that groups were deployed probably operating in the western desert against Saddam's forces and the Scud missile threat. What was actually going on is revealed here and until now their roles and actions have not been described in any detail.

These are thrilling tales of incredible daring and endurance told by men whose courage and military skills are inspiring. The book also covers operations such as the spectacular rescue of POW Private Lynch and the secret operations to target Saddam and other leaders of his regime of terror.
