The Greater Flamingo (Poyser Monographs)

Alan Johnson, Frank Cézilly

The Greater Flamingo (Poyser Monographs) Alan Johnson, Frank Cézilly

With their curious feeding behaviour, peculiar elongated body, gregarious social lives and exotic pink plumage, flamingos are among the most familiar and popular of all the world's birds. They have inspired artists, poets and amateur naturalists for centuries, but until 50 years ago very little was known about their biology. A growing number of scientists have directed their attention to these magnificent birds over recent years; this book summarises current understanding of flamingo biology, with detailed discussion of population dynamics, ecology, movements, feeding, breeding biology and conservation, with emphasis placed on the authors' work on the famous population of Greater Flamingos in the Camargue region of southern France. There is also a detailed guide to breeding areas, and an outline of future challenges for research.

From reader reviews:

Jody Vinson:

What do you with regards to book? It is not important together with you? Or just adding material when you want something to explain what the ones you have problem? How about your spare time? Or are you busy man? If you don't have spare time to try and do others business, it is make one feel bored faster. And you have extra time? What did you do? Every individual has many questions above. They must answer that question simply because just their can do in which. It said that about reserve. Book is familiar on every person. Yes, it is appropriate. Because start from on guardería until university need this particular The Greater Flamingo (Poyser Monographs) to read.

Leon King:

In this age globalization it is important to someone to acquire information. The information will make professionals understand the condition of the world. The fitness of the world makes the information simpler to share. You can find a lot of sources to get information example: internet, newspaper, book, and soon. You will observe that now, a lot of publisher in which print many kinds of book. Often the book that recommended to you personally is The Greater Flamingo (Poyser Monographs) this book consist a lot of the information on the condition of this world now. This particular book was represented how does the world has grown up. The language styles that writer make usage of to explain it is easy to understand. The writer made some exploration when he makes this book. Honestly, that is why this book suited all of you.

Steven Burley:

Is it you actually who having spare time in that case spend it whole day by watching television programs or just lying down on the bed? Do you need something new? This The Greater Flamingo (Poyser Monographs) can be the reply, oh how comes? A fresh book you know. You are therefore out of date, spending your free time by reading in this brand-new era is common not a geek activity. So what these ebooks have than the others?

Donald Goodman:

As a college student exactly feel bored to reading. If their teacher expected them to go to the library in order to make summary for some publication, they are complained. Just tiny students that has reading's internal or real their pastime. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading really. Any students feel that reading is not important, boring as well as can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this The Greater Flamingo (Poyser Monographs) can make you sense more interested to read.
