Getting Started in Woodturning: 18 Practical Projects & Expert Advice on Safety, Tools & Techniques (The American Association of Woodturners Official Guide)

Whether you're just getting started at the lathe or you're a seasoned woodturner looking for fresh insight, you'll find it all in the AAW Official Guide, "Getting Started in Woodturning", an essential reference of safety information, tool advice, woodturning techniques, and practical projects from the pages of American Woodturner, the journal from the American Association of Woodturners (AAW). Written for beginning woodturners by some of today's finest woodturners, including Richard Raffan, Jim Rodgers, Richard Kleinhenz, and Alan Lacer, "Getting Started in Woodturning" teaches shop-tested, best-practice fundamentals that make woodturning a safe, enjoyable, and enriching hobby that will last a lifetime. Divided into four sections - Getting Started, Tools, Techniques, and Projects - this treasure-trove of expert information will guide an aspiring woodturner to discover what to know when buying and aligning a lathe; safety practices for dust collection, face shields, and the shop; techniques for sharpening and using turning tools; how to turn, avoid catches, and finish like a pro; and 18 useful projects to build your skills "Getting Started in Woodturning" is the only book a beginner needs to safely and confidently get started in the craft of woodturning.

Ann Foley:

As a scholar exactly feel bored to be able to reading. If their teacher asked them to go to the library or make summary for some guide, they are complained. Just tiny students that has reading's spirit or real their interest. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading very seriously. Any students feel that reading through is not important, boring as well as can't see colorful images on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Getting Started in Woodturning: 18 Practical Projects & Expert Advice on Safety, Tools & Techniques (The American Association of Woodturners Official Guide) can make you sense more interested to read.
