Warhol's charming animal drawings, now available again.

It was 1953 when, not long after arriving in New York City, a young artist named Andy Warhol had begun to make his way in the world of commercial illustration. As Arthur Edelman, his former employer, relates in his introductory note, “In a hallway of the Empire State Building, outside a shoe manufacturer’s office, stood a young man with Jackson Pollock shoes, a rumpled black suit, a portfolio, and a shock of white hair.”

Over several years, the Edelmans and Warhol worked closely together. Their relationship culminated in a coloring book that could have only come from the mind of Warhol, created especially for clients’ children for Christmas in 1961, and somewhat of a cause célèbre when it was published in 1990. Now back in print, *A Coloring Book: Drawings by Andy Warhol* will amuse and charm a new audience with its delightfully carefree menagerie.
