The Usual Apocalypse (The Society) Christine Price

Relationships can be tricky when people can't lie to you, so Agent Matthew Whitman focuses his unusual powers on solving cases for the Society. When a fellow agent is found murdered, Matt is given a major assignment: find her killer. First he must find Brennan Mitchell, whose brother was a victim in the murdered agent's last case.

For sixteen years Brennan thought his brother was dead. Now, a Society agent is confronting him with the impossible—his brother is alive. While Brennan is grateful to be reconnected with his brother, he doesn't want to be pulled into any Society business. But the attraction between Matt and him is electric. After indulging in sensual encounters together, Brennan finds himself drawn into Matt's investigation, and they become embroiled in something much larger than a run-of-the-mill murder case. Something darker and more dangerous than either man could have ever imagined.
