## **Nearing Midnight** Robert Geiss

According to a recent poll, nearly half of all adults believe today's current events indicate that we are living in what the Bible calls the 'latter days,' or 'time of the end,' but what does the Bible say about it? What signs should you look for? What should you expect as you see these days approaching? There are currently six major positions on how the end-time events will play out, and any one of them, when presented by a proponent of that position, can be very convincing. However, only one of them can be correct, which leaves the majority of Christians with a mistaken understanding of how the end-times will affect them. In this two-part book, author Robert Geiss has allotted part one to examine the six eschatological positions from a Berean approach, examining how all of them interpret the one reference point given to us in Scripture. Then, in part two, Geiss attempts, as if putting a jigsaw puzzle together, to harmonize all the major end-time prophecy in a clear picture of what Scripture says should be expected. Having originally believed one of the six positions this book aims to debunk, Geiss understands the need for Christians to examine the end-time prophecy for themselves. Join him in *Nearing Midnight: Harmonizing End-time Prophecy*. As Jesus warns in Mark 13:5, 'take heed that no one deceives you.'
