The Light Ages Ian R. MacLeod

Magnificent dark fantasy set in a steampunk milieu, *The Light Ages* reimagines Industrial Age England transformed by magic, as two lovers find themselves on opposite sides of a violent class struggle that could destroy their world

The discovery of *aether* changed everything; magic mined from the ground, it ushered in an Industrial Age seemingly overnight, deposing kings and rulers as power was transferred to the almighty guilds. Soon, England's people were separated into two distinct classes: those who dug up and were often poisoned by the miraculous substance, and those who profited from it.

Robert Borrows has always wanted more than the life of poverty and backbreaking toil into which he was born. During a visit with his mother to an isolated local manor, he discovers Annalise, the beautiful and mysterious changeling whom *aether* has magically remolded into something more than human. Years later, their paths will cross again in the filthy, soot-stained streets of London, where Robert preaches revolution while Annalise enjoys the privileges afforded to the upper class—the same social stratum that Robert is trying to overthrow. But even as they stand on opposite sides of the great struggle that divides their world, they are united by a shocking secret from their childhood. And their destinies will be forever entwined when their world falls to ruin.

The Light Ages continues with *The House of Storms*, set one century later.

From reader reviews:

Margaret Williams:

Spent a free time for you to be fun activity to accomplish! A lot of people spent their sparetime with their family, or their friends. Usually they undertaking activity like watching television, about to beach, or picnic inside the park. They actually doing same every week. Do you feel it? Will you something different to fill your personal free time/ holiday? Might be reading a book may be option to fill your cost-free time/ holiday. The first thing that you will ask may be what kinds of book that you should read. If you want to test look for book, may be the book untitled The Light Ages can be good book to read. May be it can be best activity to you.

Stephen Beatty:

The Light Ages can be one of your starter books that are good idea. Many of us recommend that straight away because this guide has good vocabulary that may increase your knowledge in language, easy to understand, bit entertaining but delivering the information. The copy writer giving his/her effort to set every word into satisfaction arrangement in writing The Light Ages yet doesn't forget the main stage, giving the reader the hottest and also based confirm resource information that maybe you can be among it. This great information can certainly drawn you into fresh stage of crucial thinking.

Angela Yoder:

This The Light Ages is great guide for you because the content which can be full of information for you who always deal with world and possess to make decision every minute. This book reveal it details accurately using great arrange word or we can state no rambling sentences in it. So if you are read this hurriedly you can have whole information in it. Doesn't mean it only offers you straight forward sentences but hard core information with attractive delivering sentences. Having The Light Ages in your hand like finding the world in your arm, info in it is not ridiculous just one. We can say that no guide that offer you world with ten or fifteen minute right but this publication already do that. So , this is certainly good reading book. Heya Mr. and Mrs. hectic do you still doubt which?

Robbie Lewis:

As we know that book is essential thing to add our information for everything. By a reserve we can know everything you want. A book is a group of written, printed, illustrated or perhaps blank sheet. Every year has been exactly added. This e-book The Light Ages was filled in relation to science. Spend your spare time to add your knowledge about your science competence. Some people has distinct feel when they reading the book. If you know how big good thing about a book, you can truly feel enjoy to read a publication. In the modern era like now, many ways to get book that you simply wanted.
