## **Walking on the Isle of Man (Cicerone Walking Guides)** Terry Marsh

40 walks on the coast, fells and inland valleys of the Isle of Man are explored in this guidebook. Most of the walks are short and accessible for walkers of all abilities, however for a greater challenge, many of the routes (between 2 and 22km) can be combined. The Isle of Man offers the walker a wonderfully diverse range of landscapes within a relatively compact island setting, and the routes reflect this diversity - scale the highest point Snaefell (620m), cross wide open moorlands, drift over beaches and climb coastal clifftops. The assortment provides walkers with fantastic trails, along with detail on the wildlife, wild flowers, unique history and points of interest encountered. Alongside detailed route descriptions and OS maps, there is plenty of practical information on getting to and around the Manx Isle and advice on making the most out of any exploration of the Isle of Man.
