Friends and Enemies in Organizations: A Work Psychology Perspective

Friends and Enemies in Organizations: A Work Psychology Perspective

Friends and enemies in organisations: A work psychology perspective is an exploration into the current world of relationships at work. It focuses on the ways in which friendship, perceived isolation and enemyships influence and affect our experience of work, both positively and negatively. Despite the importance and intrigue of workplace relationships, our understanding of how they impact on individual and organizational wellbeing is not yet fully understood. This book presents the thoughts and research from contributors who are leaders in their fields. Collectively, they present varied and cutting edge ideas regarding the dynamics of relationships in the workplace. This is the first book in the field of organizational psychology to provide a comprehensive treatment of workplace relationships from multiple perspectives.

This edited book will appeal to academics and thinking practitioner as well as to scholars and graduate students in the fields of psychology, organisational behaviour, human resources, and interpersonal relations.
