Controllership: The Work of the Managerial Accountant Steven M. Bragg

Today's controllers are no longer seen as technicians who process transactions; they are now seen as business executives with a wide-ranging knowledge of total business operations, best practices, and corporate strategy. Providing a comprehensive overview of the roles and responsibilities of controllers in today's environment, this Eighth Edition of *Controllership* continues to provide controllers and vice presidents of finance with all aspects of management accounting from the controller's perspective, including internal control, profit planning, cost control, inventory, and financial disclosure.
