Conan: Sword of Skelos Andrew Offutt

With the beautiful and fierce Isparana at his side, Conan must cross a brutal and deadly desert in order to deliver their precious cargo-a magical amulet known as the Eye of Erlik. But rather than collecting untold riches for their rare treasure, they are betrayed by a ruthless tyrant and his evil mage.

Conan has faced many mortal dangers, perils of magic and perils of steel. But when the treacherous prestidigitator unleashes the bloodthirsty Sword of Skelos, a weapon of both magic and steel-a sword that can fight on its own-Conan faces one of his most dire challenges.

How will Conan survive this battle, when there is no foe to slay?
