## **Earthship** Lawrence Norfolk

New Mexico lies under two hundred feet of water. But it wasn't always. There once was a time when a man took a road trip with his girlfriend across the Land of Enchantment and discovered a place few could imagine.

This story is taken from the collection, *Beacons: Stories For Our Not So Distant Future*, which challenges celebrated writers to consider the climate crisis. All author royalties will be donated to the Stop Climate Chaos Coalition.
