*A little knowledge can be a dangerous thing...*

*Children of Night*, Book 6

When Conrad goes full disclosure on the twins' heritage, Julie isn't all that surprised. She's already figured most of it out. But Armand's shock over learning the woman he loves was born vampire drives him away for space to think. The chasm between Conrad and Damien yawns wider than ever as Conrad grapples with the pain he's unintentionally inflicted.

As all hell breaks loose at home, Marc is dangerously out of touch on a trip down the coast to find Elise and bring her home—though she insists he's a fool to trust her.

Armand, still struggling with his own feelings of guilt, inadequacy and betrayal, returns to find the Fischer-Quintano house in chaos. Julie is determined to go ahead with her plans to save Georgia for Conrad's sake, though the knowledge she seeks—and the venom-drenched ritual she must endure to get it—could cause her to lose her mind. If not her life.

*Warning: Handle with care. Contents are under pressure. Contains past violence, present violence, future potential violence, including, but by no means limited to, matricide, fratricide...possibly even patricide. In short, pretty much everything you'd expect to find in a multi-generational vampire love story.*
