Career Choice and Development

Career Choice and Development

The fourth edition of *Career Choice and Development* brings together the most current ideas of the recognized authorities in the field of career development. This classic best-seller has been thoroughly revised and expanded to include the most influential theories of career choice and development, and it contains up-to-date information regarding the application of these theories to counseling practice. This edition contains a wide range of career development theories that explore how people develop certain traits, personalities, self-precepts, and how these developments influence career decision making. This information will challenge teachers, researchers, and those involved in fostering career development to reexamine their assumptions and practices.
