On December 23, 2007, the plane carrying author Kim Klein's only child, Talia, her ex-husband, and her daughter's best friend crashed into the side of a volcano in Panama. *Hummingbirds Don't Fly in the Rain* chronicles the seven-day, suspense-filled journey that begins the moment Klein receives the phone call announcing her daughter's plane is missing. Klein also shares fascinating details about her relationship with her wealthy ex-husband, her conscious raising of Talia, and the aftermath of the accident once back in the US. She also reveals a glimpse of something wonderful to come: Lying in agony after receiving the news of her daughter's death, she suddenly feels a pressure around her left wrist and realizes that Talia is trying to communicate with her! Talia's afterlife communications continue and expand, ultimately bringing love and peace to Klein—and, she hopes, to others. *Hummingbirds Don't Fly in the Rain* reads like a suspense thriller, yet every word is true!
