Industrialization in the Modern World: From the Industrial Revolution to the Internet [2 volumes]: From the Industrial Revolution to the Internet John Hinshaw, Peter Stearns

This unique two-volume work analyzes the Industrial Revolution from a global perspective and traces its influences up to the present day—encouraging students to rethink the significance of events past and present.

- Enables students to analyze the causes and effects of industrialization
- Takes a multidisciplinary approach that supports the National Standards for World History, as well as multicultural studies and business curricula
- Allows for comparison and contrast of different industrializing societies in different eras
- Helps readers make connections between the Industrial Revolution in Europe and the digital advances of today
