The Next Right Thing Colleen Collins

The next right thing is the only choice

Cammie Copello gets results—even if it means stretching the rules. That's what makes her a great private investigator. It's also what caused the little breach between her and attorney Marc Hamilton. It's too bad, because they made a great team. And, honestly, her career hasn't been the same since.

So imagine her surprise when Marc shows up *begging* for her help with a personal case. When he turns on the charm...well, she can't refuse. But she can keep her attraction to Marc a secret—regardless of how tempting he is. Her intentions are put to the test, however, when he proves that the attraction is not one-sided!
